

SECRET - SECURITY INFORMATION

Attached is a draft of a study on The Nature of the Policy and Tactics of Soviet-Type Economic Warfare which is transmitted to you informally for your review. It is to be considered as a draft only, having no status as a cleared document at either the office or agency level. It should be treated as having classification SECRET-SECURITY INFORMATION/Control, US OFFICIALS ONLY, since some of the material contained therein held this classification. Because the use of intelligence material has not been cleared, it should not be forwarded to other agencies.

Comments on substance or form of argumentation and fact, particularly, comments with regard to the specific cases cited, will be appreciated. If in any case a citation of an instance of a trade deal or other activity appears inappropriate in light of additional information at the disposal of the reader, EDS would appreciate being referred to these documents or facts in order to make the necessary alterations.

Comments, references and suggestions should be addressed to the attention of: Helen Lincoln, Economic Defense Staff, Rm. 534, SA-7, ~~Washington~~ 4895.
